Who is Jim Gaff

Jim Gaff

Singer/Songwriter/Recording Artist

(Vocals, Guitar, Dobro, Fiddle, Banjo, Keyboards, Harmonica)

Country music is at the core of Jim's heart. He has always been country in so many ways from little on. As a kid, it was everyday fun playing in the fields, the ponds, creeks and barns. Years later, he is still true to his heart and in his wheel house when singing with that same American country style feel good.

Jim sings with a country grass roots style to the likes of - Waylon, Jones and Haggard. He can then shift gears, turn up the heat and respond with a gravelly, punchy, a high impact country vocal sound.

Jim's songs have received a notable amount of press and airplay on radio stations across the United states. In 2019, two of Jim's songs made number one with another three in the top ten. To compliment Jim's main country vocals, he enjoys entertaining on stage with multiple instruments like guitar, dobro, banjo, fiddle, keyboards and harmonica. Mix all this with Jim's incredibly talented band "Coyote Posse" and you will burn up the stage with a country concert you won't forget.

This singer, songwriter loves bringing up the heat on stage. As a former Firefighter, it's no wonder why Jim loves the high energy and thrill to perform. Whether it be one of his many trips to Nashville, or a Wisconsin hotspot, he's been on many so many stages performing with the same energy and passion. If not on a stage kickin' it up or in the recording studio, you will probably catch Jim in his boat fishing or out in the woods in a tree stand.

You can also catch him this year lighting the stage on fire as he completes his "Take Back Country Music Revolution" tour. The tour's shows will include Jim's songs like: "That Don't Sound Like Country", "If I could Have Just One Whiskey With Hank", "Redneck Wild and Livin' Proof" and more!
